

Jackson

Jackson offers you an infinite variety of opportunities to participate in the design of your instrument. Pictured on these pages are some samples of instruments which are possible.

The Soloist. In the tradition of our popular neck-thru-body guitars. Designed, prototyped and refined over a long period of time in a close working relationship between Jackson and major artists. Available in both Custom and Student Models with Jackson High Impedance Pickups or Jackson Low Impedance Pickup Systems.

Jackson/Charvel, Inc. is a unique group of skilled individuals dedicated to producing the highest quality instruments possible. Our promise is to remain true to this commitment. We extend our thanks to those musicians who have trusted in Jackson/Charvel, Inc. over the years.
